

FOOTNOTES:

1. Contains records of only DNRC-issued water rights, e.g., 41H 1234-00, 43B 30045678. Does not contain Ground Water Filings or exempt use records
2. POU is determined from maps in water right file. Files can be viewed on DNRC Water Right Query System; click on VIEW in DOC IMAGE column.
3. Find ditch company service areas in the Water Resource Survey books and contact that entity. DNRC does not keep records of water shares.
4. Go to DNRC Water Rights Bureau website and look in Ground Water Filings. You will need the 1962 – 1973 owner names and legal land description.
